

MARIMAR TORRES GIVES MASTER CLASS AT VINS I LICORS GRAU 25-10-2011

On 25 October Marimar Torres, well-known Californian wine maker, company director and member of the Catalan wine producing family based in the Penedès, visited Vins i Licors Grau. A tasting session for customers and wine-lovers was jointly organised with Bodegues Torres, with Marimar Torres herself commenting on the wines.

The tasting led to a lengthy discussion among attendees on the merits of her Chardonnay and Pinot Noir compared other areas where these varieties are traditionally grown. Marimar's frankness and passion for the world of wine captivated all those attending. The tasting ended with some specialities and snacks provided by the Xidors de Vall-Llobrega bakery and delicatessen.

Marimar then toured Vins i Licors Grau's premises with the Grau family, commenting on how well the products are displayed, the wide range on offer, the organisation and cleanliness, and the fact that premises that are now nearly nine years old seem like new.
