

VINS I LICORS GRAU ORGANIZES "THE MUSIC OF WINE" WITH MARCEL GORGORI DURING THE VIVID FESTIVAL

During the month of April the DO Empordà Wine Route offers a series of activities around the world of wine and wine tourism organized by its members. These activities are part of the VIVID Festival, which this year has reached its fifth edition.

In this sense, Vins i Licors Grau organized the activity "Music of the wine" with the journalist and writer Marcel Gorgori, better known as the presenter of the program In clau de vi of TV3. The activity consisted of a wine tasting of the DO Empordà, associating the sensory characteristics of the wines with those of classical music.

The tasting wines were: Coll de Roses Blanc, Gerisena Blanc, Espelt Efímera and Mas Oller Plus.

The activity began with a guided tour of the renovated facilities and with the welcome of Jordi Grau Segarra, assistant manager and oenologist of Vins i Licors Grau.

The event was attended by some 50 people interested in the world of wine and took place in the underground space of the wine bar, a multi-purpose space inaugurated at the end of 2017 to hold events and presentations related to the world of wine.
